

# FY 2001-02 BUDGET BUDGET SECTION SUMMARY

Section Title:

FORESTVILLE COUNTY SANITATION DISTRICT

## A. Program Description

This budget finances operation, maintenance, and administration of a collection system, a treatment plant, and disposal facilities which serve the Forestville area.

Total APNs	183	183	183	183	0.00%

## E. Summary of Issues and Significant Changes

The requested rate per ESD for FY 01-02 annual service charges is \$845, representing a 4.97% increase from FY 00-01. Connections from Mirabel Heights will be charged at \$446 per ESD in FY 01-02, reflecting their estimated share of operations and maintenance costs.

The Forestville County Sanitation District (Forestville CSD) treatment facility, which became operational in 1952 and was upgraded in 1962 and 1978, is designed to treat an average daily dry weather flow of up to 100,000 gallons per day to secondary wastewater treatment standards. Between October 1 and May 14 of each year, treated wastewater from the Forestville plant is discharged into Jones Creek, a tributary of Green Valley Creek, which is a tributary to the Russian River. Between May 15 and September 30, private property owners use recycled water for irrigation.

In the 1980s, the NCRWQCB issued an action plan based on its' Russian River Basin Plan, which mandated that all discharges to the Russian river or its' tributaries be treated to tertiary (AWT) standards. In November of 1993, the Forestville CSD certified the Forestville and Graton Wastewater Facilities Improvement Project Final Environmental Impact Report (Forestville and Graton EIR), which addressed the environmental impacts of two alternatives that would allow both the Forestville CSD and Graton Sanitation Zone to comply with the NCRWQCB AWT requirements. The Forestville CSD later approved the "Stand Alone" project identified in the Forestville and Graton EIR. The improved project included upgrading both the Forestville CSD and Graton Sanitation Zone treatment facilities to AWT standards, separately. While portions of the project have been implemented (irrigation of candidate recycled water user sites), the Forestville CSD treatment facility has not yet been upgraded to AWT standards.

## E. Summary of Issues and Significant Changes (Continued)

In June of 1995, the Forestville CSD approved the "Regional Facilities" project identified in the Forestville and Graton EIR. This project included upgrading the Graton Sanitation Zone treatment facility, only, to AWT

Graton EIR. This project included upgrading the Graton Sanitation Zone treatment facility, only, to AWT standards. In 1996, as part of the "Regional Facilities" project, an underground pipeline was constructed between the Forestville CSD and Graton Sanitation Zone treatment facilities to allow for the transfer of recycled water between these facilities, and the delivery of recycled water to irrigation customers between these locations. The remaining portions of the "Regional Facilities" project have not been completed due to financial reasons and lack of public support.

In March of 1998, the Forestville CSD's and Sonoma Country Water Agency's Boards of Directors approved the Mirabel Heights Water Pollution Control Project consisting of a collection system for Mirabel Heights and connection to the Forestville CSD treatment facility. The collection system for Mirabel Heights has been completed and users in Mirabel Heights began to connect to the system in FY 00-01.

Forestville CSD plans to award a construction contract for the upgrades necessary to meet AWT standards in FY 00-01. The Forestville CSD AWT Upgrade Project will require two construction seasons to complete, with completion of construction expected in FY 02-03. The current estimated cost for constructing the Forestville CSD AWT Upgrade Project is \$3.3 million. The Department of Veteran's Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act of 1999 provided a \$1 million grant for this project. An additional grant and low interest financing is anticipated for over \$1.5 million from the U.S. Department of Agriculture. Additional funding is also anticipated from the Forestville Water District for over \$500,000. This financing, combined with the connection of Mirabel Heights (\$170,000) to the Forestville CSD treatment facility has made the Forestville CSD AWT Upgrade Project financially feasible.

An environmental analysis is currently being performed by Agency staff in order to determine if a supplemental or subsequent EIR, or any other environmental documentation is necessary for the AWT upgrade of the treatment plant.

#### LEVEL OF SERVICE

In order to develop operational priorities and staffing needs for the sanitation systems, three basic levels of service have been defined by Agency staff and are described below.

Asset Preservation: services and programs necessary to **operate, maintain, and replace** facility assets.

Standard: services necessary to **operate and maintain** the system in order to limit the risk of service interruption and permit violations.

Minimum: services necessary to **operate** the treatment plant.

Estimated FY 00-01 revenues provide funding for a "Minimum" level of service. The Water Agency is currently utilizing its operational reserve funds to allow for a "Standard" level of service. Under current operating conditions, an additional \$75,000 of annual revenue is required to provide an "Asset Preservation" level of service. The required funding to attain the Asset Preservation level of service will be re-evaluated once the inclusion of the Mirabel Heights area is complete.

## CHARACTER JUSTIFICATION

**Department - Division:** Sonoma County Water Agency - Sanitation

**Section Title:** Forestville CSD - Operations

**Character Title:** Taxes

**Character No.:** 650101-10

### **1001 Flat Charges - CY**

Flat charge revenue from annual service charges is expected to increase from the adopted FY 00-01 budget. The rate will increase from \$805 to \$845 in FY 01-02, representing a 4.97% increase. The number of ESD's is projected to remain at 287 in FY 01-02.

ESDs times annual rate:                      287 x \$845                      \$242,515

Less Estimated Delinquency Factor:                      5%                      (12,126)

\$230,389

### **1061 Flat Charges - PY**

This item records the estimated delinquent amount of prior year sewer service charges.

### **1120 Penalties / Costs on Taxes**

This item records penalties paid on delinquent sewer service charges.

**Character Title:** Use of Money

**Character No.:** 650101-17

### **1700 Interest on Pooled Cash**

This account records interest on pooled cash held for the District by the County Treasurer's office. Estimated interest is projected based on cash on hand and current interest rate trends.

Estimated Average Cash Balance                      \$50,000

Projected Interest Rate                      4.50%

Projected/Planned Interest on Pooled Cash                      \$2,500

**Character Title:** Charges for Services

**Character No.:** 650101-30

### **3400 Sanitation Services**

This account records annual sewer service charges for entities that are invoiced, rather than collected as flat charges on the tax roll, and for new hook-ups as they occur during the year. The Sanitation Rate Ordinance requires that charges be collected at the time permits are issued. The properties are then added to the tax roll master listing and collected through sub-object 1001, Flat Charges, in the following year.

The budgeted revenue reflects 97 invoiced ESD's in 00-01. There will be a \$24 increase (2.98%) in the annual sewer rate for Forestville CSD.

Forestville CSD                      97 x \$845                      =                      \$81,965

**FY 2001-02 BUDGET**  
**CHARACTER JUSTIFICATION**

**Department - Division:** Sonoma County Water Agency - Sanitation  
**Section Title:** Forestville CSD - Operations  
**Character Title:** Other Financing Sources

**4640 OT - Between Entities - BOS**

This account will record the receipt of monies transferred from CSA #41 - Mirabel Heights. This transfer represents Mirabel Heights share of Operations and Maintenance expenses incurred by the Forestville CSD. Property owners in the Mirabel Heights area will begin connecting to the Forestville CSD in FY 00-01. A total of 187 ESD's are anticipated from Mirabel Heights at \$437 per ESD in FY 01-02.

**Character Title:** Services and Supplies **Character No.:** 650101-60

**6040 Communications**

This account records expenses paid by the District for outside communication services such as Pacific Bell and AT&T, as well as for the cost of alarm services provided by Honeywell.

**6180 Maintenance - Bldgs / Impr**

This account records the cost of parts and materials required to maintain the treatment plant and collection system.

**6262 Laboratory Supplies**

This account records the cost of lab supplies required for testing and monitoring wastewater.

**6522 District Services**

This account records the cost of labor and overhead associated with operation and maintenance of the District's facilities and equipment, as well as other related service and supply type items. The FY 00-01 budget is expected to be substantially overrun during the current year because anticipated savings from operator cross-training have not yet been fully realized. The District is continuing its efforts to achieve operational savings through cross training and automation.

**6573 Administration Costs**

This account represents the 1% administration fee assessed by the County for processing collection of flat charges on the tax roll. The increase in the proposed FY 01-02 budget corresponds with the estimated increase in the tax levy.

**6610 Legal Services**

This item is requested to provide funds for the estimated cost of legal services to be provided by County Counsel, or outside legal services, as required.

**FY 2001-02 BUDGET**  
**CHARACTER JUSTIFICATION**

**Department - Division:** Sonoma County Water Agency - Sanitation

**Section Title:** Forestville CSD - Operations

**Character Title:** Services and Supplies (continued)

**Character No.:** 650101-60

**6630 Audit / Accounting Services**

This item represents an estimate from the Auditor's Office for the FY 01-02 expense for the audit of the previous fiscal year (\$2,900, as set forth in the Budget Instructions). In addition, this item records the direct allocation of Auditor-Controller Fiscal Services staff costs for time expected to be spent on District accounting.

**6640 Debt Issuance Costs**

Generally Accepted Accounting Principles require that debt issuance costs be amortized over the term of the financing agreement. This is a non-cash transaction; however, appropriations are required to book the entry.

**7212 Chemicals**

This account records the cost of chemicals required for operation of the treatment plant.

**7217 State Permits / Fees**

This account records the cost of District permits related to NPDES, as mandated by the Regional Water Quality Control Board.

**7320 Utilities**

This account records the cost of utilities, such as gas, electricity, and water.

**Character Title:** Other Charges

**Character No.:** 650101-75

**7931 Lease / Purchase Interest**

This account records the interest expense for Forestville's share of the Forestville and Graton Regional Wastewater Facilities Capital lease. The interest rate is 6.5%. The FY 01-02 request is based on the bond amortization schedule prepared at the time the bonds were sold.

**7980 Depreciation**

Generally accepted accounting principles require that depreciation be expensed each year.

**Character Title:** Other Financing Uses

**Character No.:** 650101-86

**8625 OT - W/in Special Dist - BOS**

This account reflects the transfer of cash from the operations fund to the construction fund to finance the capital replacement program. If the operations fund does not have sufficient cash available to finance capital projects, the transfer will not be made.

**Character Title:** Appropriations for Contingencies

**Character No.:** 650101-90

**9000 Appropriations for Contingencies**

This account provides funding for unanticipated expenditures or revenue shortfalls.

**Character Title:** Administrative Controls

**Character No.:** 650101-92

**9200 Ent - Principal**

This account reflects the principal expense for Forestville's share of the Forestville and Graton Regional Wastewater Facilities Capital lease. The interest rate is 6.5%. Payments began September 1, 1996 and will continue semi-annually until March 1, 2016. The FY 00-01 request is based on the bond amortization schedule prepared at the time the bonds were sold.

The following reflects the bond principal payment history to date:

**9142 Capital Replacement Program**

This account is used to provide funds for repair and replacement of the sewer collection system. The present system has locations where inflow and infiltration problems exist. Long-term replacement of existing facilities that are worn out and in disrepair will help to bring the facilities up to current sanitation standards and will extend the life of the sanitation infrastructure; however, due to the lack of currently available funding, projects designed to accomplish these objectives must be deferred to years beyond FY 01-02.
